

After a lengthy discussion the Parish Council agreed to keep the precept at the same level as the previous year

myStaffs

Staffordshire County Council has now introduced a new app for reporting such things as defective road signs, potholes etc. You can now download this on your mobile phone or computer from www.mystaffordshire.co.uk

DISPLAY IN YOUR HOME

There is a notice on the rear of this newsletter that you can use if required. The notice will serve as a double message to **stop cold callers** and for the run up to Halloween can be used to **stop 'Trick & Treat' nuisance callers**.

The Parish Council are pleased to note that the 30 mph signs have now been relocated to include the crossroads in Coppenhall following representation from the Parish Council and Support from Mark Sutton our County Councillor

In our last Newsletter we reported that we were in the process of funding and purchasing a Defibrillator. We are pleased that this is now located on the exterior of Dunston Village Hall. Again, our thanks go to

Dunston Village Hall, the Dunstonians and also County Councillor Mark Sutton for their generous financial support to enable this project to be finalised.

Managed Motorways

M6

The Parish Council have been informed that the managed motorway of the M6 from Junction 13 is to be extended in the near future. The exact details are unknown but is anticipated to go up to Stoke and possibly beyond. For up to date details please check our web site. The current extension of the managed motorway up to Junction 13 is believed to be ready for opening during the Summer of this year - and possibly even before this newsletter is delivered!

We are pleased to report that crime in our Parish is low compared to other areas of Staffordshire. We would, however, thank PC Tim Rees, our local beat officer for his actions recently with a suspicious vehicle parked in Dunston. His help certainly reassured some of our elderly residents.
